ENGLISH ROSE

This look is all about appearing fresh-faced and radiant. For the best effect, apply blusher – I used **Nars Blush in Orgasm**, £16.50 – by grinning broadly and sweeping it on to the apples of your cheeks. To freshen up further, dust a little pink blusher – try **Bourjois Pastel Joues** in *Tendre de Rose Brune*, £6.25 – under the eyes and line the bottom rim with an off-white liner, **Mac China Marker in Cream**, £8. This really makes the whites of the eyes stand out. A single coat of mascara, like **Lancôme Amplicils**, £15, will add volume to your lashes. Lips should be muted: **Clinique Glosswear and Brush in Air Kiss**, £9, gives a subtle shine.
